Ayanna McClintic

Operations Manager
LinkedIn

Professional Summary

Business Operations Lead with senior-level experience driving process automation and performance reporting across military, healthcare, education, and nonprofit sectors. Leads cross-functional teams, manages KPI dashboards and CRM platforms, and implements AI-enabled workflows. Delivered data-driven insights that improved operational efficiency and stakeholder outcomes. Seeking to apply this blend of operations leadership and automation expertise to accelerate results in a senior operations role.

Career Highlights

- Built a production AI chatbot that cut a 30 to 40 step manual certification process to 7 to 11 guided screens, saving certification specialists $11,500 to $12,000 a year.
- Analyzed procurement processes across 11 San Antonio public agencies and built a tiered action plan, presented to the executive director and board members.
- Led a 26-member aerial port team that moved 5,600 tons of cargo and 16,500 passengers across 3,500 missions with 100% on-time departure reliability.
- Standardized procurement tools and processes, cutting onboarding and technical-assistance time by about 30%, and coordinated 20+ workshops reaching 500+ small business owners.

Compliance & Quality: Regulatory Compliance, Quality Assurance

PROFESSIONAL EXPERIENCE

SCTRCA **Feb 2026 - Present**
Business Operations Lead (Procurement Navigator) *San Antonio, TX*
Advise small businesses on procurement readiness and own CRM administration, KPI reporting, vendor training, and AI-assisted process automation for a nonprofit regional certification agency working with public-sector partners.

- **AI Workflow Automation**: Built and deployed a production chatbot (Claude API, deterministic rules engine) that cut a 30 to 40 step manual certification process to 7 to 11 guided screens, saving certification specialists $11,500 to $12,000 a year in client appointment time with zero hallucinated compliance answers.
- **KPI Reporting & Dashboards**: Manage a monthly KPI dashboard tracking certification volume, officer turnaround time, and demographic outcomes, with automated refresh and QA checks. Fielded a 28-respondent impact survey and turned results into five prioritized recommendations for leadership.
- **Process Standardization**: Standardized procurement tools and processes, cutting onboarding and technical-assistance time by about 30%.
- **Workshops & Partnerships**: Coordinated 20+ workshops and events reaching 500+ small business owners and stakeholders, and built partnerships with public agencies, chambers, and economic-development groups that contributed to bid wins and certifications.

Rasmussen University **Jul 2025 - Mar 2026**
Program Director & Instructor *Odessa, FL*
Led a team of two direct reports and oversaw health sciences courses for 40+ students each quarter, aligning programs to institutional goals and accreditation standards.

- **Program Leadership & Compliance**: Directed curriculum oversight for health sciences programs, applying project-planning and process-improvement methods to maintain accreditation compliance and streamline program delivery.
- **KPI Reporting & Dashboards**: Built Excel dashboards tracking enrollment, student outcomes, graduate placement, and course completion, improving on-time completion and giving leadership the data to adjust recruitment strategy.
- **Retention & Curriculum Evaluation**: Evaluated curricula with academic deans and national coordinators and developed retention strategies that addressed high course failure rates and raised retention from the 60% range to 80%.
- **Externship & Partnership Management**: Coordinated externship and practicum placements and negotiated affiliation agreements with 12 industry partner sites to meet credentialing standards.

Multiple Healthcare Staffing Agencies **May 2019 - May 2025**
Traveling Surgical Technologist *Savannah, GA*
Completed 13-week surgical assignments at 17+ hospitals nationwide through staffing agencies including HealthTrust Workforce Solutions.

- **Resource & Waste Management**: Reduced surgical waste by 25% through efficient resource allocation and continuous inventory tracking, and adopted environmentally friendly practices that lowered costs.
- **Rapid Onboarding & Adaptability**: Integrated into new teams, systems, and protocols at 15+ hospitals and performed at full capacity in fast-paced environments.
- **Cross-Functional Communication**: Coordinated in real time with surgeons, nurses, and administrative staff during complex procedures, keeping the team aligned under pressure.

- **Crisis Response & Patient Safety**: Responded to three patient emergencies by performing CPR under time pressure and following life-support protocols until each patient was stabilized.

Tallahassee Memorial HealthCare **May 2018 - May 2019**
Certified Surgical Technologist *Tallahassee, FL*
Supported surgical teams across multiple specialties, handling 16 to 20 cases per week.
- **Process Execution & Efficiency**: Streamlined operating room setup and breakdown under strict sterile protocols, cutting turnover time between cases from 45 minutes to 15.
- **Inventory & Supply Management**: Managed instrument and supply distribution for surgeons and assistants, tracking supply levels to prevent shortages and reduce intra-operative delays.
- **Quality & Safety Compliance**: Safeguarded patient safety by maintaining the sterile field and completing instrument and sponge counts on every case, meeting infection-control standards.
- **Cross-Functional Teamwork**: Anticipated the needs of surgeons and assistants in real time and coordinated with nurses and anesthesia during time-sensitive procedures.

United States Air Force **Aug 2009 - May 2019**
Logistics Operations Manager (Shift Supervisor, Aerial Port Operations) *Hickam AFB, HI*
Supervised aerial port and air terminal operations for Pacific air mobility and contingency missions, advancing from Air Cargo Processor to Shift Supervisor. Served in the Air Force Reserve at March ARB, CA, as Shift Supervisor (Jun 2015 to Mar 2018) and at Duke Field, FL, as Aerial Delivery Specialist (Mar 2018 to May 2019).
- **Team Leadership & People Management**: Led a 26-member aerial port team supporting Operation INHERENT RESOLVE, moving 5,600 tons of cargo and 16,500 passengers across 3,500 missions with 100% on-time departure reliability.
- **Operational Planning & Coordination**: Coordinated terminal operations across five sections and multiple agencies for Pacific air mobility operations, producing daily and weekly forecasts to keep mission timelines on schedule.
- **Asset Accountability**: Managed the Automated Data Processing Equipment program, maintaining $12,000 in sensitive electronics with zero security incidents, and operated 44+ material handling assets and an automated cargo handling system valued at $26M.
- **Quality Assurance & Compliance**: Inspected cargo and verified load plans for airworthiness, and processed hazardous, classified, and sensitive shipments in compliance with federal transportation and safety regulations.

Education

Western Governors University **2025**
Master of Business Administration (MBA) *Salt Lake City. Utah*

Arizona State University **2020**
Bachelor of Applied Science, Health Sciences *Tempe, AZ*

North-West College **2017**
Certificate, Surgical Technology *Riverside, CA*

Community College of the Air Force **2011**
Associate of Applied Science, Transportation and Logistics Management *Birmingham, AL*
