PROFESSIONAL PROFILE

Business Operations Lead with 15+ years of professional experience building and running the systems behind organizational performance across government, healthcare, education, and military environments. Combines hands-on ownership of KPI reporting, budgeting, and CRM systems with AI-powered process automation, cross-functional program delivery, and direct team leadership. Known for turning manual, error-prone processes into scalable systems that free capacity, improve decision-making, and hold up under audit.

CORE COMPETENCIES

Business Operations & Process Improvement, Budget & Financial Management, KPI Reporting & Dashboards, Team Leadership & Cross-Functional Coordination, CRM Systems (Monday, Hubspot, Jira), Project Planning & Coordination, AI Workflow Design & Automation (Claude, n8n, Make, Airtable, API Integration), Survey Design & Data Analysis, Training Program Development, MS Office Suite (Excel, PowerPoint), Canva, Business Development, Confluence

WORK EXPERIENCE

South Central Texas Regional Certification Agency

Feb 2026 - Present

Business Operations Lead (Official Title: Procurement Navigator)

San Antonio, TX

- Architected and shipped a production AI chatbot (Claude API, deterministic rules engine) that compressed a 30–40 step manual certification process into 7–11 guided screens, freeing \$11,500–\$12,000/year) with zero hallucinated compliance answers.
- Designed and own a recurring monthly KPI dashboard tracking certification processing volume, officer turnaround time, and demographic outcomes, including an automated data-refresh workflow and QA checks before distribution to leadership.
- Led CRM optimization initiatives that improved client tracking, reporting accuracy, and stakeholder communication across the agency's vendor base.
- Designed and fielded a 28-respondent ecosystem impact survey, analyzing results into five prioritized recommendations delivered to leadership on program strategy and vendor engagement gaps.
- Conducted a cross-agency procurement analysis spanning 11 San Antonio public agencies, synthesizing vendor and internal-process findings into a tiered action plan, including five recommended training modules addressing the majority of recurring vendor issues.
- Advised small businesses on procurement readiness and built strategic partnerships with public agencies, chambers, and economic-development partners, growing small-business participation in the regional procurement pipeline and resulting in successful bid wins and certifications.
- Own team scheduling and event-staffing decisions, determining assignments based on capacity, priority, and program needs.

Rasmussen University

Jul 2025 - Mar 2026

Program Director & Instructor

Odessa, FL

- Led a team of two direct reports and oversaw delivery of health-sciences courses for more than 40 students each quarter, establishing instructional priorities and using Excel KPI dashboards to monitor program performance, which improved on-time course completion.
- Spearheaded program leadership and curriculum oversight for health sciences programs, applying project-planning and process-improvement methods to align initiatives with institutional goals and accreditation standards, maintaining compliance and streamlining program delivery.
- Collaborated with Academic Deans and National Coordinators to evaluate curricula using analytical problem-solving and Excel data, developing retention strategies that improved student pathways and outcomes.
- Monitored and reported key academic metrics-including enrollment, student outcomes, and graduate placement-through Excel dashboards, enabling leadership to adjust recruitment strategies that boosted enrollment retention.
- Led quarterly Advisory Board meetings and monthly faculty coordination sessions, gathering feedback that drove continuous program improvement and stakeholder alignment.
- Coordinated externship and practicum placements and negotiated affiliation agreements, matching students with industry partners to meet credentialing standards.

United States Air Force

Aug 2009 - May 2019

Logistics Operations Manager (Official Title: Air Transportation Specialist)

Honolulu, HI

- Managed a 26-member transportation operations team supporting 3,500+ missions, 16,500 passengers, and 5,600 tons of cargo, implementing process improvements that enhanced throughput and efficiency.
- Directed operations across five terminal sections supporting Pacific air mobility missions, contributing to the movement of 164,000+ passengers and 36,000+ tons of cargo, applying performance metrics to ensure accountability, regulatory compliance, and continuous improvement.
- Coordinated logistics support for executive-level government travel, humanitarian relief missions, medical evacuations, and multinational exercises, ensuring timely movement of personnel, equipment, and critical resources.
- Established a new Passenger Transit Center in less than 12 hours, coordinating personnel, resources, and infrastructure with zero mission degradation.

Multiple Agencies**May 2019 - Apr 2025***Traveling Surgical Technologist**Savannah, GA*

- Adapted quickly across 15+ hospitals, integrating into new teams and maintaining high performance in fast-paced environments.
- Utilized advanced knowledge of surgical procedures to anticipate the needs of the surgical team, streamlining efficiency, reducing operative time, and ensuring optimal patient outcomes.

Tallahassee Memorial Healthcare**May 2018 - May 2019***Certified Surgical Technologist**Tallahassee, FL*

- Performed set-up and breakdown of operating rooms before and after surgeries, reducing turnover time between cases and helping maintain a sterile environment.
- Distributed instruments and supplies to surgeons and assistants while maintaining accurate supply counts, preventing instrument shortages and reducing intra-operative delays.
